Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-37, 53-117 and 126-127, group I, are directed a client (terminal) accessing a content server, classified in class 709, subclass 203.
 - II. Claims 38-52, 118-125 and 128-131, group II, are directed classifying data on a computer, classified in class 707, subclass 100.

2. Inventions I and II are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention I has separate utility such as a register for storing content information defining the content of one or more sites in said information network to enable automatic location of sites having content corresponding to the content defining information. Invention II has separate utility such as classification service provider being arranged to classify the content of at least one site of an information network. See MPEP § 806.05(c).

3. Claims 38-52, 118-125 and 128-131, group II, required a field of search in class 707, subclass 100, which is a different field of search unnecessary in claims 1-37, 53-117 and 126-127, group I.

4. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48 (b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48 (b) and by the fee required under 37 CFR 1.17 (i).

A shortened statutory period for reply to this Election/Restrictions action is set to expire ONE MONTH from the mailing date of this action. Failure to respond within the period for response will result in **ABANDONMENT** of the application (see 35 U.S.C. 133, M.P.E.P. 710.02, 710.02(b)).
